

On The Move!

Activities to Make Moving Fun for Kids

Hey! My name is Move Bro.

I'm here to make your move fun for the whole family! Enjoy activities like coloring pages, a room planner, scavenger hunts, and more!

My truck needs a new paint job.
Could you help me by coloring
it your favorite colors? Leave it
for our crew on move day so we
can see your great work!

What color do you think your new home will be?

How many boxes do you think it will take to pack your room?

How many boxes did it really take to pack your room?

Room Planner

- Bed
- Toy Box
- Chair
- Dresser
- Desk
- Book Case
- Closet
- Rug

The best thing about a new home is YOUR new room!
Let's plan where everything will go. Draw your new room.

Scavenger Hunt

During the Move

___ Tape

___ Newspaper

___ Small Box

___ Donation Pile

___ Medium Box

___ Empty Drawer

___ Big Box

___ Post It notes

Can you find them
all in your home
now?

Gratitude List

List 5 things you love about your old home and 5 things you are excited about your new home.

Old Home

1.

2.

3.

4.

5.

New Home

1.

2.

3.

4.

5.

Writing a list helps you say goodbye to your old home and look ahead to your new home!

New Owner Letter

Dear New Owner,

Handwriting lines for the letter body, consisting of solid top and bottom lines with a dashed midline.

Let the new owners know what you loved about your old house. Then leave the letter for them on moving day.

Sincerely,

Scavenger Hunt

New Home

Explore your new home and find how many of each!

 # _____ Door Knob

How to Build a Box Fort

Supplies: Boxes, Tape, Scissors, Markers

For boxes you can't recycle use them for FUN! Build a cardboard fort and get creative!

- **Step 1:** Tape corners and seams to make the cardboard sturdy.
- **Step 2:** Ask an adult to cut a front door, doorways to other rooms, and windows (even secret entrances).
- **Step 3:** Use the largest box or two boxes taped together as the main room.
- **Step 4:** Add more boxes to main box to add rooms.
- **Step 5:** For the roof attach box flaps together with tape or a box creased in half. Add additional cardboard if needed for stability.
- **Step 6:** Decorate! Use markers to decorate or add details like cardboard shingles, a basketball hoop, or even a draw bridge!
